Re: Appeal Product - Approval of Precise "Platinum" lead free solder and  
Precise "Orange Crush" paste flux in Allegheny County

Dear Mr. Sabarese:

Please be advised report of your presentation made on Wednesday, October 15, 2003 to the Appeals Committee has been presented to the Plumbing Advisory Board at their meeting of October 29, 2003.

The Plumbing Advisory Board took action on your request appeal to approve Precise "Platinum" lead free solder and Precise "Orange Crush" paste flux for use in Allegheny County. Your Appeal Product was presented and approved on **Wednesday, October 29, 2003.**

Precise Orange Crush is for use on all solderable metals (except aluminum and stainless steel). Precise Platinum for use on all industrial applications of plumbing. The use of these products must be performed in compliance to Article XV, Plumbing Rules and Regulation of the Allegheny County Health Department and in accordance to manufactures specifications. Failure to utilize this lead free solder and flux products in accordance to manufactures specification will be the sole responsibility of the installer. This board awaits the NSF Approval of this product, please furnish copy of same to become part of appeal file.

This letter is not intended to be used for advertising purposes, however, you may show same as product being permitted to be installed in County of Allegheny, Pennsylvania. A copy of this correspondence will be distributed to each plumbing office to indicate approval.

Further inquiries on this approval, feel free to contact me at (412) 578-8387. Thank you for your interest.

Sincerely,

Handwritten signature of Michael A. Como.

Michael A. Como, Secretary  
Plumbing Advisory Board
